CORPORATE CREDENTIALS

Capability statement

Arvessa Health Partners Limited

Arvessa Health Partners Limited is a pan-African healthcare development and strategic partnerships platform focused on building, transforming and scaling high-quality healthcare institutions across Africa.

Core capabilities

Capability	Application
Healthcare opportunity origination	Identify, screen and frame institutional healthcare opportunities
Institutional and transaction structuring	Develop roles, phased scopes, governance and executable partnership pathways
International operator partnerships	Originate, structure and coordinate engagements with suitable international hospital operators, while remaining operator-neutral at platform level.
Hospital development and transformation	Coordinate planning, commissioning, operational readiness and improvement programmes
Centres of Excellence & Specialist Clinical Programmes	Structure specialist clinical partnerships, visiting specialist programmes, training pathways and priority service-line development.
Government and PPP advisory	Support strategy, market sounding, partner selection and stakeholder coordination
Infrastructure and technology partnerships	Align medtech, diagnostics, digital health and lifecycle support
Diaspora and clinical mobilisation	Connect overseas-trained and local professionals to structured institutional roles
Virtual Clinical & Diagnostic Networks	Structure partner-enabled telemedicine, teleradiology, specialist second-opinion and remote diagnostic-support pathways.
Healthcare Education & Capability Transfer	Structure partner-enabled fellowships, observerships, CME/CPD, specialist attachments, leadership development and institutional capacity-building programmes.
Healthcare Access & Financing	Structure patient-access solutions through licensed HMOs, insurers, employers, banks, fintech platforms, development finance institutions and other authorised partners.

PARTNERS AND DIFFERENTIATORS

Institutional platform

Who we work with

Governments and public institutions; international hospital operators; investors and development finance institutions; medical technology companies; licensed healthcare financing partners; universities, teaching hospitals, clinicians and diaspora networks.

Why Arvessa

- Operator-neutral platform with the ability to originate and structure opportunity-specific partnerships
- Africa-grounded stakeholder and execution capability
- International partnership access
- Integrated alignment of clinical, commercial, technology and institutional requirements
- Flexible models from technical affiliation to O&M or JV
- Clear separation between present platform capabilities and future investment or operating ambitions

Core divisions

Hospital Partnerships • Clinical Partnerships • Health Infrastructure • Health Ventures • Advisory • Arvessa Academy • Arvessa Health Access

Leadership

Dr. Chikwendu Okoh | Founder and Executive Chairman

Arvessa's Healthcare Advisory Council architecture is designed to draw expertise from healthcare operations, clinical leadership, investment and finance, infrastructure and technology, public policy and African markets.
